## COMPANY UPDATES

Elite Shooting Sports is very honored to be a part of the team recognized by the Metropolitan Washington DC and Virginia Chapters of the Associated Builders and Contractors at the Annual Excellence in Construction Awards on September 16, 2015. We are extremely proud of the team that was assembled for this project. It's very exciting to see Jonathan Barbour along with project superintendent Dennis Settle and the entire R.W. Murray Co. team alongside Chris Comeau of Architecture, Inc. be recognized by their peers for all the hard work that went into this project. From the outside this building looks like a concrete box, but in reality, there was so much more put into the design and construction of the facility, it truly is a one-of-a-kind indoor shooting range. Congratulations to all!

Our newly redesigned [website](#) provides an easy and enjoyable way for new and returning customers to keep informed of the news about the facility and services. [Online registration](#) is open for ESS Concealed Carry and Ladies Only Basic Pistol Courses. Both meet Virginia's concealed carry application requirements. The Ladies Only program has been a huge success, with classes filled to capacity through February 2016. More classes will become available in the months to come, including the expansion of our guest instructor series.
