GUEST INSTRUCTOR SERIES

CONCEALED CARRY COURSE: SKILLS BEYOND THE GUN

Guest Instructor: **John Murphy**, Owner/Instructor, FPF Training

The right of self-defense comes with enormous legal and moral responsibilities. The knowledge required to be a safe, effective, and prudent armed citizen goes far beyond just carrying a firearm. "Concealed Carry: Skills Beyond the Gun" fills that knowledge void by going in-depth on the aspects and perspectives of concealed carry that aren't addressed in basic permit courses or advanced shooting classes. Based upon a multi-media/lecture/practical application format, students will be immersed in the realities of interacting with society while armed via "Recognition Based Decision Modelling." Students will gain experience in a scenario-based learning environment.

This seminar is on **Saturday, September 17, 2016 from 9:00 a.m. to 4:30 p.m.**, with one hour for lunch at 12:00 Noon. There is no live fire in this course. You are encouraged to bring your firearm and holster, but no live ammunition is allowed in the classroom. This course meets the application requirements for a Virginia Concealed Carry Permit.
